www.sun.co.za

As per our communication in June regarding the establishment of dedicated Express and Auto Distribution services within UTi Sun Couriers, the implementation of the two specialist services began 1st July 2007. Initially, the services will concentrate on the Johannesburg/Pretoria region, with the anticipated completion at our remaining five hubs (Cape Town, Port Elizabeth, East London, Durban and Bloemfontein) by October 2008.

The primary objective of the new operations is to improve on our service levels to our identified Express and Auto clients. We are working closely with OCS Worldwide to meet our delivery standards between our hubs. In addition we are expanding the network available to you to include the 220 countries globally that OCS currently services.

The two service lines will be running their own routes between our six hubs, which will in turn feed into the network of branch routes as required. They will operate their own sorting hubs geared for dealing with the product profile of Express and Auto consignments. We have developed a software programme to assist with route planning and optimisation. It will also enable us to manage our resources in predefined areas, thereby providing an exceptional delivery standard. In order to achieve our transit times, we reserve the right to amend town and hub routings.

We intend to remain competitive within the industry, serving niche markets locally and abroad. Where operational functions are not core to the Express and Auto Distribution service lines, they will continue to utilise the UTi Sun Couriers facilities particularly the geographical network, finance and the National Contact Centre, sales, the website, IT systems and human resources.

Due to space demands, both Express Distribution and Auto Distribution have relocated. Their new contact details are:

Express Distribution:

Physical Address: 120 Loper Avenue
Aeroport
Spartan
Kempton Park

Auto Distribution:

Physical Address: 20 Loper Avenue
Spartan
Kempton Park

The National Contact Centre number remains the same for both operations: 0861 80 30 80 and the website remains www.sun.co.za.

While we expect the implementation to go smoothly, we ask for your patience and understanding should you encounter any problems. We have also compiled some Frequently Asked Questions for your information, which are attached to this letter. If you have any queries regarding the changes, please contact us directly

Warm regards

Greg Saffy
