Dear Client

Update - Fuel Shortages

Following on from our communication dated 3 August 2007, we would like to advise that the strike within the petroleum industry was resolved as of early this morning. While there may still be some shortages throughout the country as the situation stabilises, we are sure that our operations will be back to normal within a few days.

Again, we thank you for your patience and understanding and undertake to inform you should there be any further updates.

Yours sincerely

George van der Merwe
Managing Director
